

SERIES 85 SINGLE HUNG WINDOW

Also available in matching side lites, fixed panels, transoms, segmented transoms and a wide selection of architectural shapes

STANDARD FEATURES

- Thermally broken aluminum frame with polyurethane poured in place and debridged to reduce thermal conductivity of aluminum frame
- Virtually maintenance-free extruded aluminum construction with electrostatically applied finish
- Sloped sill allows for proper water drainage to the exterior
- Sleek profile provides larger viewing area
- Interior glazing allows for easier glass replacement
- Side load removable bottom sash
- Block and tackle balance system
- Energy-efficient Warm Edge insulating glass
- Structural meeting rail provides rigid stability and allows for a tighter, weather-resistant unit
- Dual lift rails on bottom sash for easy operation
- Frame depth 2-7/16"
- Integral nailing fin with a 1-3/8" setback for simple installation
- Limited lifetime warranty

CUSTOM OPTIONS

- Low-E, Low-E^{SC}, HP, HP^{SC}, obscure and tempered glass
- Impact-Resistant glass with built-in defense against wind-borne debris
- Color-coordinated grilles-between-the-glass (GBG) in 5/8", 3/4" flat and 1-3/16" SDL with shadow bar
- Matching side lites, fixed panels, transoms, segmented transoms and a wide selection of architectural shapes
- Safety vent latch to meet ASTM F2090-2008 requirements

Window Color Options*

Glass Choices**

HP Glass

The High Performance glass package pairs Low-E coated glass with Argon gas fill between the panes to enhance thermal efficiency across a wide range of climates.

HP^{SC} Glass

High Performance Solar Cooling combines advanced Low-E^{SC} coatings with Argon gas sealed between the panes to help limit heat transfer and boost insulating performance.

Low-E^{SC} Glass

Designed for hot and sunny environments, Low-E^{SC} glass reflects solar energy before it enters the home, helping to control heat buildup, limit ultraviolet fading, and improve cooling efficiency during warmer months.

Additional Glass Options:

LE, LE SC, LE2+, LE2+SC, HP, HP SC, HP2+, HP2+SC

Made in USA

Grid Type Options

5/8" or 3/4" Flat GBG

Window Grid Patterns

Colonial Prairie Diamond Marginal Prairie

Window Grid Patterns options not shown:

- Hub and Spoke
- Gothic
- Renaissance

* Printing process may affect color shown. Please refer to actual window sample when selecting colors.
