

NEW SERIES 3201 ACCESSORY GROOVE

ACCESSORY GROOVE IS NOW AVAILABLE
ON SELECT RELIABILT 3201 STYLES*

Our **NEW** cosmetically designed **accessory groove** improves the exterior aesthetics with a more finished appearance by providing for aluminum wrap to be integrated against the window.

The ReliaBilt 3201 Series also features:

- Integrated slim-line meeting rail
- Sloped sill
- Fusion-welded sashes and frame
- Constant force coil balance
- Dual push-button night latches

*Accessory groove available on double hung, picture window and special shapes styles
